Can you imagine that we could build a beautiful city with rubbish? Maybe you will think it is __16__ However, it can be true! Nothing is a waste if we have a creative mind. Let me show you something about __17__ rubbish. Sometimes we can see tons of rubbish in the streets, on the roads, near the buildings... here and there. Many large cities became so ugly __18__ it. Nobody likes rubbish, but in fact some rubbish can be used again. All of us want to solve the problem, we must do something to __19__ rubbish. We should take action from now on. __20__, some good things will not be wasted. Do you often throw away these things you don't need any more? Have you ever thought about how these things can actually be put to good use? For example when a car gets too old, it may not run any more. But we can use the metal of the car to make something else. When a bottle is empty it __21__ as waste. You don't know bottle glass can be made into sand and used to build streets. Rubbish __22__ food can be changed into fertilizer to make plants grow better. It is cheap and safe. And other rubbish can also be used to make building blocks. Now __23__ machines are designed for that. __24__, people will watch films in a beautiful cinema which is built out of rubbish. Besides buildings and roads, cities may be made from rubbish. But so far, building beautiful cities made from rubbish is only __25__.
